CERTIFICATION**

Please be advised of the meeting of the council's Job Grading & Training Committee held on the 20<sup>th</sup> October 2016 the council reflected on the progress made with regards to the implementation of the Suspension Fitters Skills Programme.

The Committee also reflected on the question as to who is responsible for the issuing of the said certificates.

After due consideration the committee came to the conclusion that it remains the responsibility of the MerSETA to validate and issue the certificates.

The enforcement and compliance aspects in terms of grading, levels and compensation will remain the responsibility of MIBCO.
