**TO: ALL MOTOR INDUSTRY PARTICIPANTS**

**NOTICE: BEWARE OF FORMER MIBCO AGENT CONDUCTING  
FRAUDULENT ACTIVITIES**

Please note, Elizna (Stadler) Braun is no longer employed with the Council as a Designated Agent as of the 13<sup>th</sup> of March 2020 and is currently acting on her own accord. MIBCO has received complaints regarding her unethical conduct and fraudulent activities when it comes to monthly returns and in turn benefiting from such activities at the expense of the employers.

As a result, the Council is in the process of blocking access to online returns system of those employers that she has accessed. The Council is further exercising its rights by looking into legal action available to it under the circumstances.

Any employer who allows her access to its online return system, will be doing so at their own peril and will be considered to have acted in alliance with each other in performing this criminal act. Any legal proceeding that MIBCO may pursue would attach to such employer.

MIBCO reserves its rights to block access to any online access of any employer that is found to have given her access or where it is found that she had accessed such employer's online system. MIBCO's rights always remain reserved.
